Taking True Integration to the Next Level

## Join us at the Siemens 2015 Innovation Tour

Come see how our TIA Portal V13 SP1 software takes Totally Integrated Automation to the next level. The 2015 Innovation Tour showcases the latest in PLCs, HMIs, IPCs, Networks, RFID, Drives, Motors and Industrial Components.

### At the Innovation Tour you will have the opportunity to attend:

- Up to twelve different Technology Sessions
- A Mini Fair where Siemens experts will be available to discuss all aspects of Totally Integrated Automation
- A Lab Room where you can program and configure Simatic Basic Controllers, Advanced Controllers, Safety Controllers, HMI Comfort panels, and G120 Drives using our newest version of software TIA Portal V13 SP1

### Why you should attend the Innovation Tour:

- Preview the latest industry innovations
- Learn how to utilize true integration (Totally Integrated Automation) to deliver efficiency, flexibility, and scalability
- Face-to-face consultations with technical experts focused on your technical challenges
- Network and share best practices with industry peers

### Technology Sessions

#### Automation

A guide to more powerful and flexible machine design.

#### Safety controllers

Benefits of scalable and integrated safety solutions.

#### Pilot devices

Sirius ACT – Performance in action for commanding and signaling.

#### Innovations product line

Sirius Innovations S2 – Easy, efficient and always up to date!

#### Remote access

Reduce downtime and travel costs by achieving immediate connectivity to remote equipment with SCALANCE M industrial routers.

#### RFID technology

Expand your RFID reach with SIMATIC RF600.

#### Drives

SINAMICS – the seamless and integrated drives family for every application.

#### PC-Based automation

PC-Based automation today and in the future.

#### HMIs

How to get the most value from your HMI system.

#### Process instrumentation

How Process Instrumentation and DCS work together to demonstrate Siemens Integration capabilities.

#### Geared motors

SIMOGear geared motors – The perfect fit for every application.

#### Integrated field & support services

Smart Service Options for your industrial equipment.
